

Sat. Feb. 10th.

Dear Mom,

Received your cable today saying that Jimmy is a prisoner of war - We 2 bet Mr. & Mrs. Hupp are really happy to know that he is alive.

I passed my physical for O.C.S. A.C. - but all applications have been stopped now until further notice. Also you know that mole on my face - Well I had it burnt off - don't know how it's gonna look, just had it done a couple of days ago.

I did approve of the gift you got for Groe - thanks a lot. I put \$200 in my savings deposit account today. I get \$55 a month now for my \$25 bond and insurance, etc. Say do you still get the bond each month??

Weather really turned cold all of a sudden - it even snowed a little but melted, of course.

Sanny Billy has the chicken pox. Say how is your Gall bladder doing?? Hope it isn't anything serious - we do tests every day on Gall bladder drainage.

I can hardly wait to get the picture of you - the picture of "Billy dog" and me was really cute - don't worry I won't lose it. Say you know there is something I need a wallet to carry my money and pictures in. Think you can send me one??

Well there isn't much more for the present - Will write soon -

your loving son,

Junnie

P.S. Be sure to tell all my friends that sent me packages that I did write to them, I just hope all of them get there.

P.S. Jr. Enclosed find a couple of pictures
