

Wednesday, Mar. 14th.

Dear Ma,

I have gotten quite a few V-mails from you lately but don't know when they were written; please date them will you?

Lost our first ball game yesterday but it didn't really matter because it was to our own officers. I put over of their men and myself playing 3b. I caught four flys, tagged a man off base, and made seven assists to first base. My batting ave. went down tho - am now batting .636. That's still the highest on the team tho.

Went up into the mountains Sunday and took some more pictures will send them to you as soon as I can print them. Say can you get anymore printing paper?

(2)

Yee, I hope I get all the sardines that have been sent me. Deela sent me some also. We really get hungry along about bed time.

We really had a nice meal in town the other night - the entire lab. went in and used our "snopu" money - we had plenty of rice and eggs with sweet and sour sauce - bamboo shoots - noodles - and eggs that were four⁽⁴⁾ years old - you see the Chinese pack them in clay and live a certain way and keep them for years - they were good too!! of course we used chopsticks!

We'll guess I'd better sign off for now, will write again tomorrow.

Yours loving son,

Jimmes
