

Thursday, March 22

Dear Mom,

Will not much new going on around here - I finally got my application for O.C.S. put thru, but still don't think much of my chances.

Hope you liked the picture I sent. took some more on a hike in the mountain near here.

We are going to have our party Sat. note - four of the guys in the lab. have birthday in March so the Red Cross girl is fixing us up a party after the show Sat. note.

I received the pocket-book, thanks a lot, I like it especially because there is plenty of room for pictures.

We have a lab. officer now that does nothing but stay in the lab. - he really knows his lab. work and therefore I am learning a lot of new technique that will help me.

(2)

Havent played much softball lately -
have had a little rainy weather.
Volleyball league has started and
I think the lat. has a pretty
good team.

a lot of guys are leaving for a
45 day furlough - in about three months
Law and myself are going to sign up
for it - of course that doesn't mean
we'll get it until about our 24th month.

Will guess that's about all for
now - Will write again soon.

your loving son;

Jimmie
