

UNITED STATES ARMY

Manday, 14th May

Dear Mam,

I'm sorry about Sam but awfully glad he isn't hurt too badly. I know Mrs. Tucker is just about crazy with worry over him, she always did baby him too much.

We saw a V-E day movie telling us how they were going to let men out of the army and I haven't a chance so don't expect me to get out. Rotation has been cut out entirely and the 45 day leave may be done away with. If and when I go to O.C.S. (now that the war in E. is over they'll probably cut it out) I'll have to stay in the army much longer as an officer, I think.

Sam and myself are still at the 95th. but some of the fellows have gone out to get set up.

"The little wheels" lost another ball game yesterday 8-6 - my arm is ok. now just as good as new.

UNITED STATES ARMY

Got a letter from Maddy to-day, she has at last reached home - so of course she knows about her brother now - gee I really feel sorry for her; she wrote that he sent her a box with a genuine flog, money, trinkets, and his purple heart - evidently he died in a hospital.

Well I guess that's about all for now, about to go out and play ball - this is my afternoon off. am o. k. and feeling fine -
your loving son,
Jimmy
