

ENCLOSED IS A PICTURE OF PART OF THE ROYAL WE CAME
OVER.

Thursday. 21st June

Dear Mums,

Well not much new to write about
at present. Things are just beginning to
shape up in the lab. and I can see that
I'm going to learn more lab. work. Not
technic because I already know about all
I need to know of that; but theory of
why such and such takes place.

We played our first softball game
against outside competition last night and
won 11-8. Going into the last inning we
were trailing 4-5. Then with the bases
loaded and two out we began nailing
that apple. I ended up with a .500 ave.

Lassie (our mascot) just came in the tent
and jumped in bed with Smitty. Of course
Smitty didn't like being awoken by a cold
tongue on his face so he pushed her off
the bed. Lassie didn't mind tho, just sat
down on the floor, wagged her tail, and
barked.

Natty is stationed at Camp Blending, Fla. in a large hangar. Pretty close to her home. Dan doesn't know what he's talking about, don't worry I've got at least three more years of college and nothing going to stand in my way!

Played ball again last night but lost this time 6-2. our team only got two hits and I got one of those weirdos playing croquet ball at that field. We have another game to-night.

Well guess that's it for now - am o.k. and feeling fine.

your loving son,
Jimmie
